

Technion Summer in Entrepreneurship with Professional Internship

On summer study abroad, students pay all costs to the overseas institution (tuition, housing, fees, and any other expenses). Students also register for EDAB 3 at CWRU which assesses a \$50 fee. In addition, there are several expenses students' financial aid can potentially help to fund. These are listed in the table below. Note that all expenses listed in the attachment are estimates to be used for financial aid purposes. **Actual costs may vary.**

All of these costs are considered academic in nature and can therefore be considered for coverage from financial aid. Other expenses that may receive aid include immunizations and additional passport and visa fees for students that are not US citizens.

Please note that personal expenses such as travel, shopping, and going out to eat will not be covered, and should therefore be planned for accordingly.
